Foreword

Fifty years ago, the Housing Executive was established as Northern Ireland's strategic housing authority, bringing equality and fairness to the allocation of social housing in Northern Ireland.

Since the formation of the Housing Executive in 1971, we've assisted countless households in need of housing and support, built and improved hundreds of thousands of properties, and regenerated many neighbourhoods across Northern Ireland. Most importantly we have won widespread support from the communities we serve and are recognised locally, nationally and internationally for the positive social impact of our work.

This has been achieved through the hard work, capacity for innovation, partnership with residents, and professionalism of our staff, and by adhering to the objectives set out by the first Housing Executive Board: to deliver local, accountable and quality housing services; to build and maintain decent homes and to support thriving communities. Vital to all these activities has been an absolute commitment to fairness and honesty in everything the organisation does. We believe that our continuous engagement with local councils over the last five decades has been central to our success over this period.

We would like to pay tribute to all the local government staff and representatives who have worked with the Housing Executive over the last 50 years: they have made - and continue to make -

a huge contribution to communities across Northern Ireland and have made a real difference to many people's lives in this time.

This anniversary marks an important time for the Housing Executive, and for housing in Northern Ireland. It comes as we are now seeing a pathway out of the COVID-19 pandemic. However, we face a period of economic and social uncertainty, and we believe that housing will play a key role in assisting individuals, households, communities and the economy to recover from the pandemic.

At this time, there is a pressing need to reform how social housing is delivered in Northern Ireland so that we can build on the successes of the past 50 years. The Minister for Communities' statement of November 2020 on the revitalisation of our organisation offers the key to a future that will deliver additional, better, more energy efficient and more appropriate homes to those in need and, as a bonus, it also provides the prospect of creating new jobs and skills training that will boost the economy. This will be a fitting way to celebrate our half century of work and achievement, and will stand for decades as a beacon of hope for underserved communities, families and individuals.

Introduction

In this report we present the second annual update for the 'Housing Investment Plan 2019-2023' (HIP). Launched in 2019, the HIP is aligned to the outcomes of each Community Plan to show how our work supports the delivery of the plan's objectives. We look forward to continuing to contribute to shaping the future of housing in each council area with our Community Planning partners.

This annual update should be read in conjunction with [Fermanagh and Omagh Housing Investment Plan 2019-23](#) and will:

- Provide updates on Strategy progress where available (a full list of current strategies is available in the HIP);
- Report on new and upcoming strategies and initiatives including our COVID-19 response;
- Provide a local area update; and
- Update on progress in 2020/21 against the four outcomes contained within the HIP.

When writing our HIP update, we have taken account of the wider strategic context, including the consultation on the Programme for Government Draft Outcomes Framework 2021, New Decade New Approach, the Communities Minister's November 2020 statement on housing reform, together with other regional documentation including the Regional Development Strategy, the Sustainable Development Strategy, Strategic Planning Policy Statement, the Call for Evidence for a new Housing Supply Strategy, and the emerging suite of new Local Development Plans.

The Housing Executive has experienced one of its most challenging years since its formation in 1971.

COVID-19 has forced us to adapt our services over a remarkably short period of time enabling our workforce to work remotely to ensure we continue to deliver a service to our customers. Despite the difficulties we faced we experienced many successes, we secured an additional £10m of funding to help those most in need provided by Department for Communities (DfC) to support homelessness and Supporting People providers in Northern Ireland. The Supporting People Programme continued to support and protect 19,000 vulnerable clients during the first lockdown.

The Housing Executive has experienced one of its most challenging years since its formation in 1971.

In addition to core homelessness funding of £13.7m, the DfC provided £6.6m to support a range of activities associated with our homelessness response to the ongoing pandemic; this funding enabled the Housing Executive to support a range of initiatives which included:

- The ‘Everyone In’ approach which supported rough sleepers, including those with No Recourse to Public Funds, via a Memorandum of Understanding with DfC and DoH;
- The acquisition of approximately 650 units of temporary accommodation to meet the significant increase in demand;
- 150 void properties were brought back into use as furnished hostel accommodation.

At the end of March 2021, there were 117,676 live Housing Benefit claims, with 18,023 new Housing Benefit claims assessed in the year to 31 March 2021. A total of 18,025 awards of Discretionary Housing Payments were made during 2020/21 and our staff also assisted in the associated work with new claims for Universal Credit.

In the past year we worked with our contractors to carry out almost 110,000 emergency home repairs, we also equipped our staff and customers with 3.8m PPE items. We secured new contracts with an estimated value of £79m per annum awarded, guaranteeing jobs in the local construction industry. We paid out almost £280k through the emergency COVID Fund, supporting 205 community groups to deliver help to their communities.

Our Vision

Everyone is able to live in an affordable and decent home, appropriate to their needs, in a safe and attractive place

OUR OVERARCHING STRATEGIC THEMES

each have their own purpose statement

PEOPLE

To provide housing solutions, services and support to the people of Northern Ireland

PROPERTY

To ensure everyone has access to a quality home which is safe, affordable, warm and appropriate to their needs

PLACES

To work with others to develop, maintain and sustain attractive, connected, healthy and economically active places

OUR HIGH LEVEL OUTCOMES ARE

1. Helping people find housing support and solutions;
2. Delivering better homes;
3. Fostering vibrant sustainable communities; and
4. Delivering quality public services.

OUR VALUES ARE

Making a difference;
Fairness;
Passion;
Expertise

Strategies and Programmes that impact on Community Planning Partnerships

The HIP 2019-23 is not developed or delivered in a policy vacuum; it sits alongside a range of interrelated strategies and programmes, which impact on the daily lives of Housing Executive customers and tenants. In this section, we have set out some of the primary strategies and programmes underway in 2021, which will have direct implications for delivery of housing outcomes at a local level, and which are therefore highly relevant to the work of Community Planning Partnerships.

Title	Update
Accessible Housing Register	<p>The Housing Executive, in conjunction with the Northern Ireland Federation of Housing Associations (NIFHA), has developed an in-house Accessible Housing Register (AHR) solution for social housing in Northern Ireland which will facilitate the classification of that stock based upon its accessibility features. This will enable people with disabilities to make more informed housing choices.</p> <p>The development of the In-House AHR Solution was completed in March 2021. We now have facilities to capture accessible data via an electronic AHR survey form and an electronic calculation engine which will assign the appropriate AHR classification based upon the property attributes being matched against the relevant design standards i.e. wheelchair, lifetime home, mobility etc. (Links in with National Register of Social Housing standards). The next stage is implementation by both the Northern Ireland Housing Executive and Housing Associations.</p>

Table continues

Title	Update
	<p>The priority going forward is to build the pool of accessible stock information and for Landlords to implement the AHR. The Housing Executive's AHR data collection will be included within the Asset Management Stock Condition Survey which aims to survey 66,000+ properties on a rolling basis and was set to complete in 2023 however COVID-19 has impacted upon completion of the surveys. In order to realise the benefits it is also prudent to consider targeting specific accessible properties such as those with adaptation extensions, bungalows and ground floor flats.</p> <p>The majority of Housing Association stock is built to specific design standards and can therefore be classified based upon the relevant design standard. Housing Association AHR data collection will therefore focus on those properties that are bought in, properties where major adaptation extensions have been provided and older stock. AHR training is currently being arranged for Housing Association staff.</p> <p>The Housing Executive is also exploring the potential for a web-based module to advertise private sector accessible stock either for sale/to let on its website. This will be restricted to those properties adapted via Disabled Facilities Grants, or accessible properties sold under the Right To Buy schemes. The development of this module has been impacted by the pandemic.</p>
Affordable Housing	<p>During 2020/21, the Housing Executive continued to collaborate with Department for Communities (DfC) and a range of stakeholders to help meet the housing needs of everyone, as set out in the 2016 draft Programme for Government (PfG), Regional Development Strategy (RDS) and Strategic Planning Policy Statement (SPPS). This partnership working contributed to DfCs new definition of affordable housing, which is:</p> <p>'Affordable housing is:</p> <ul style="list-style-type: none"> a) Social rented housing; or b) Intermediate housing for sale; or c) Intermediate housing for rent <p>that is provided outside of the general market, for those whose needs are not met by the market. Affordable housing which is funded by Government must remain affordable or alternatively there must be provision for the public subsidy to be repaid or recycled in the provision of new affordable housing'.</p> <p>This new definition will allow the expansion of intermediate housing products, including intermediate rent, the provision of which is a commitment made by the Minister for Communities, in November 2020.</p> <p>To support the development of new products, the Housing Executive is undertaking an assessment of intermediate housing need, which for the first time, provides data at Council level in line with the new definition of affordable housing. It is intended that we will have a full understanding of intermediate housing need and all affordable housing need by Council area, across Northern Ireland by March 2022.</p>

Title	Update
Asset Management Strategy	<p>Following the Minister for Communities statement in November 2020 on the future of the Housing Executive, DfC has approved the extension of the temporary revised strategic investment approach that has been in place since October 2017 for a further three years. This is to allow the necessary time for DfC's Housing Executive Revitalisation Programme to develop a sustainable funding solution to meet the Housing Executive's future stock investment needs.</p> <p>The Housing Executive's investment programme will, therefore, continue to be focused on compliance and Health and Safety activities, Adaptations, External Cyclical Maintenance and a programme of major component upgrading (bathrooms, kitchens, wiring, doors, windows, heating etc.). Our maintenance programme aims to invest up to £217m in our homes in the year 2021/22.</p> <p>A recent Tender for CT055 Planned Maintenance Contract has resulted in the successful award of 13 local Contractors (Contract Start Date 1 August 2021). Each Contractor has been awarded an individual Lot which aligns with the geographical area offices. This contract is of three years duration with facility to extend by a further four years or part thereof.</p> <p>This Planned Maintenance Contract alone will potentially invest £446 million in our homes for the next seven years. The introduction of social value clauses within the contract ensures contractor investment in the local communities by way of employing trade apprentices, providing community training and technical days and providing community activity grants.</p>
Cavity Wall Insulation	<p>In August 2017, the Housing Executive commissioned a research report on Cavity Wall Insulation (CWI) in both its own stock and private sector housing. The research was undertaken by the British Board of Agrément (BBA) using its Consultancy Investigation and Training subsidiary body. The BBA's report was published in May 2019 and indicated a significant issue with cavity wall installations that are not compliant with current standards. We consulted widely on the report and on 22 December 2020 published for public consultation a Draft CWI Action Plan for our own housing stock. A number of responses were received and a final Action Plan will be published in summer 2021.</p>
Community Response Fund	<p>A COVID-19 Community Response Fund was established to meet the emerging needs of our communities and to promote the welfare and comfort of Housing Executive tenants and their families. The fund went live in April 2020 and it was open to constituted groups including Housing Community Network groups, organisations and social enterprises working within Housing Executive communities. Groups could apply for funding up to a maximum of £1,500 to provide support and assistance to those considered vulnerable within our communities, to assist those most vulnerable within our communities stay connected and to reduce isolation. The response was extraordinary and we engaged with a range of new groups, working in local areas, improving our local networks and local impact. Awards totalling almost £280K were made to 205 groups to provide a range of activities and assistance in line with Government guidelines.</p>

Community Safety Strategy	<p>The Housing Executive has launched its new Community Safety Strategy ‘Working Together For Safer Communities’, which runs until 2023. This Strategy builds on the strategic themes from the previous Strategy ‘Safer Together’ and outlines key priorities and objectives. It strongly supports working together with a range of strategic partners across the statutory, voluntary and community sectors.</p> <p>Community Safety is a quality of life issue which impacts on all of society, individually and collectively and this is recognised as a key element of ‘Working Together for Safer Communities’.</p> <p>In order to meet the challenging objectives required to address anti-social behaviour, our Community Safety Strategy spans three main themes supported by annual action plans:</p> <ul style="list-style-type: none"> • Building Community Confidence – We will work to build community confidence in the ability of the organisation to tackle ASB effectively. • Ensuring Local Solutions – We will ensure that all our efforts to tackle ASB are relevant to the needs of local communities. • Working Together – We will work closely with other agencies to improve community safety in our estates.
Customer Charter	<p>Customer needs are at the centre of everything that we do, and our goal is to meet those needs to a high standard of quality and performance. With this in mind, we have recently developed our new Customer Charter and Service Standards, which were published during 2020/21. These will help us to understand our customers’ experiences and improve our services.</p> <p>Our Customer Charter sets out how we aim to treat our customers when they interact with us in a number of ways including; in the office, by telephone, when they request information from us and if they make a complaint. We will publish and update our results each year, with the first update due in the autumn of 2021.</p>
Fundamental Review of the Private Rented Sector (PRS)	<p>DfC’s Housing Policy and Performance Division recently published the Department’s response to the consultation on the Private Rented Sector (PRS) a series of policy and legislative proposals to help make the private rented sector a safer, more secure and more attractive housing option. DfC is now working on a two phased implementation approach: proposals able to be progressed quickly are being brought forward in a Bill to be delivered during this mandate; with more detailed, cross cutting proposals brought forward during a second phase in the future.</p> <p>A draft Private Tenancies Bill has been completed and was agreed by the Executive on 24 June 2021. The first stage of the legislative process completed on 6 July 2021.</p> <p>The key proposals in the first phase bill include restriction on rent increases, extension of the length of the Notice to Quit (NTQ) to be provided by landlords, a limit on the tenancy deposit amount requested for a private tenancy and making it mandatory for private landlords to have working smoke and carbon detectors installed in their rented properties and to carry out periodic electrical checks.</p> <p>Key areas for a second phase bill include Letting Agent Regulation and the introduction of grounds for eviction. Departmental Response Consultation on the Review of the Role and Regulation of the Private Rented Sector (communities-ni.gov.uk)</p>

Fundamental Review of Social Housing Allocations	<p>During the past year the Housing Executive has been working closely with the DfC to progress the Fundamental Review of Allocations. Implementation of the changes to the Housing Selection Scheme and allocations process is a key Ministerial priority. The Consultation Outcome Report for the Fundamental Review of Social Housing Allocations was published by DfC in December 2020. Eighteen of the Twenty proposals for change will proceed as per the original 2017 consultation. Two of the proposals (Proposal 7: the removal of intimidation points and Proposal 9: the removal of interim accommodation points from the Housing Selection Scheme) will not proceed as per the 2017 consultation and, instead, options will be explored for alternative approaches for each. In relation to intimidation points this will investigate how to strengthen the verification process and also consideration of how to address other households facing trauma or violence e.g. victims of domestic abuse, who do not currently receive intimidation points. For interim accommodation points, this will involve the need to consider the additional stress associated with being in any form of temporary accommodation.</p> <p>The Housing Executive is currently working on the establishment of a project team and implementation plan to deliver the changes. Commencement of the Phase 1 delivery of the Project is due to take place later in 2021/22. Given the scope of the proposed changes, the Minister requested that the Housing Executive set up a stakeholder advisory group that will represent other landlord and tenant interests as well as the wider housing sector to inform the implementation of the changes.</p> <p>In June 2019, the Housing Executive commissioned independent modelling and analysis of Waiting List data. The analysis examined the potential impacts of a number of the proposals for change, with particular regard to the potential cumulative impact of those changes on Proposal 10: the Selection Scheme should place applicants into bands based on similar levels of need to meet longstanding housing need more effectively. The analysis, which was carried out by Economic Research and Evaluation, will inform the implementation approach. The full report was published on the Housing Executive's website in April 2021.</p>
Homelessness Strategy 2017-22	<p>The Homelessness Strategy 2017/22 contains 19 actions which support the delivery of the following five objectives:</p> <ul style="list-style-type: none"> • To prioritise homelessness prevention. • To secure sustainable accommodation and appropriate support solutions for homeless households. • To further understand and address the complexities of chronic homelessness across Northern Ireland. • To ensure the right mechanisms are in place to oversee and deliver this strategy. • To measure and monitor existing and emerging need to inform the ongoing development of appropriate services. <p>The third annual report on the Housing Executive's Homelessness Strategy 2017/22 - Ending Homelessness Together was published in February 2021. The fourth annual progress report will be published in October 2021. The report demonstrates the multi-agency approach adopted by the Strategy to both prevent homelessness and to ensure that all clients are provided with the right support to sustain a long term tenancy when one becomes available.</p>

Table continues

Title	Update
	<p>During 2019/20 the Housing Executive facilitated a Homelessness Prevention Fund and this has continued into 2020/21 with the Housing Executive supporting over 30 homelessness prevention specific projects across Northern Ireland.</p> <p>Work has commenced on the development of the Homelessness Strategy 2022-27 in order to ensure the Housing Executive meets its statutory duty of publishing a new strategy by April 2022. The development of this strategy is being brought forward in partnership with statutory and voluntary partners who sit on the Central Homelessness Forum. As part of the development of the strategy there will be a 13 week public consultation on a draft Homelessness Strategy 2022-27 in autumn 2021.</p>
Homelessness ‘The Way Home - Response to COVID-19’	<p>In the wider context in responding to the challenge of COVID-19, in November 2020, the Housing Executive detailed our overall response to the ongoing pandemic in our publication The Way Home – Homelessness Response to COVID-19 (the Reset Plan). The Housing Executive has adopted a co-ordinated response to address the impacts of COVID-19 in terms of homelessness in Northern Ireland and the Reset Plan identifies a range of actions across the five themes noted below:</p> <ul style="list-style-type: none"> • Rough Sleeping • Ensure there is an adequate supply of temporary accommodation • Prevention • Homelessness Services • Collaborative Working <p>The plan complements the Homelessness Strategy and sets out a summary of the response so far; highlights the challenges evident; but more importantly outlines the key priority areas (immediate, medium and longer-term) which the Housing Executive, in conjunction with our sectoral partners, must consider as part of our review of strategic and operational plans to tackle homelessness, and its prevention in the future.</p> <p>Key achievements over the past year have included:</p> <ul style="list-style-type: none"> • The Excellence in Customer Service award at the CIH Northern Ireland annual conference for the ‘Everyone In’ approach. The ‘Everyone In’ approach reflected partnership working between the Housing Executive, DfC, Department of Health and a range of voluntary agencies such as Welcome, Depaul and Extern. This partnership working delivered temporary accommodation and additional support to a number of individuals who were previously rough sleeping. • The acquisition of an additional 650 units of temporary accommodation to meet the significant increase in demand (up to 110%) which has arisen over the course of our pandemic response. • The provision of a number of social isolation units which facilitated temporary accommodation for any households who were homeless or threatened with homelessness and required to self-isolate in line with public health guidance.

Housing Supply Strategy	<p>The Housing Executive welcomes the launch of the Housing Supply Strategy Call for Evidence in May 2021, and is engaging with DfC to develop and deliver a new Housing Supply Strategy for Northern Ireland. The Housing Executive strongly supports the ambition of the Strategy, not only in increasing housing numbers, but to also examine the sustainability of housing and how new and existing housing can be built or adapted to meet future needs.</p> <p>We recognise that housing is central to the development of sustainable communities and that it provides cross-cutting benefits across society.</p> <p>Therefore we welcome the proposal in the Housing Supply Strategy Call for Evidence document that a whole system based approach is a preferred option when developing the Strategy. This whole system based approach to developing the Strategy will be key, acknowledging the interconnected nature of housing and the housing supply system.</p> <p>We welcome the intended collaboration with a range of partners and Government departments as this will be fundamental to developing and implementing a holistic and comprehensive Strategy that can address challenges and importantly, increase the quality of life for households across Northern Ireland.</p> <p>The new Housing Supply Strategy will offer an opportunity to reduce inequality and promote development, to improve health and well-being in the long term, and create attractive, inclusive, and successful places for all. The Consultation on the New Housing Supply Strategy Call for Evidence opened on 19 May 2021 and closed on 16 July 2021.</p>
Local Development Plans	<p>As a statutory consultee in the development plan process we have also been working with Councils to assist in the preparation of Local Development Plans (LDP). These Plans are central to enable positive place making and ambitious development that will shape local areas over a long term 15-year period. LDPs are a valuable way to provide affordable, accessible and sustainable housing for those in need and can support the development of balanced and cohesive communities.</p> <p>This partnership working with different agencies will be important to help more people access suitable housing to meet their needs, and to improve wellbeing and quality of life. Our role in these areas will help meet the newly proposed Key Priority Area for housing to 'ensure everyone has access to good-quality, affordable housing and in promoting an integrated, shared society', as set out in the PfG Draft Outcomes Framework, under its proposed outcome 'People want to live, work and visit here'.</p>
Modern Methods of Construction/ Low Energy pilot scheme	<p>The development of new technology to support new social and affordable housing supply will be a critical success factor in ensuring we meet local need, and deliver on community planning partnership objectives. This programme presents a unique opportunity to improve our approaches to building technology and potentially improve the speed and sustainability of new development. Working in partnership with DfC, the Housing Executive will construct a small number of new social housing dwellings on a site at Sunningdale in North Belfast. This will be our first new build scheme in twenty years and is aimed at delivering dwellings that will incur low energy usage through Modern Methods of Construction technology. The scheme will start on site in late 2021/22.</p>

Table continues

Title	Update
	<p>This new build pilot will be a new exemplar social housing model, where it is intended that lessons can be learned on the building techniques adopted using Modern Methods of Construction and the site benefits realised in terms of speed of delivery, fabric performance and value for money. The drive for improved energy efficiency in house building in light of international/national targets for reductions in carbon emissions/greenhouse gases is a key objective. This will help inform future policy that would address the government's commitment to reduce carbon emissions, whilst future-proofing new stock.</p> <p>There will be ongoing monitoring carried out when these dwellings are occupied to gauge the benefits to the occupants in terms of reduced fuel costs, comfortable and healthy indoor environments thus providing wider societal health benefits. All of the data captured during and after construction, will culminate in an independent research report which will be used for open source publication for the benefits of all housing providers.</p>
NIHE Annual Research Programme	<p>As the strategic housing authority in Northern Ireland, the Housing Executive has a statutory responsibility to regularly examine housing conditions and need and may also conduct or promote research into any matter relating to any of its functions. Some of the key projects providing data on an ongoing or regular basis include: the Northern Ireland House Condition Survey; the Continuous Tenant Omnibus Survey; and a number of strands of research on house prices, rents and affordability, which are carried out in partnership with Ulster University and propertynews.com.</p> <p>During 2020/21, our research work continued with relatively little disruption, thanks to the responsiveness of clients, contractors and customers in adapting to telephone and online survey and interview methodologies. We published reports on: a survey of private landlords undertaken in 2019; the 2018/19 Irish Traveller Accommodation Survey; an examination of the factors involved in homelessness acceptances in Northern Ireland; the Housing Executive House Sales Scheme; and – an additional project in light of the unfolding impacts of the pandemic – COVID-19 and housing with a focus on Northern Ireland.</p> <p>Work that commenced or continued to progress in 2020/21 included: a number of strands of research to help inform the Homelessness Strategy; a survey to gather evidence on the views and experiences of tenants living in the private rented sector; a substantial project to inform approaches to housing market analysis and need assessment; a survey to help inform policy development on provision of a wider range of options for housing applicants and further projects to help the Housing Executive assess and plan for the impacts of welfare reform, particularly the full roll-out of Universal Credit.</p> <p>We also spent some time considering the feasibility of proceeding with fieldwork for a full Northern Ireland House Condition Survey in 2021, as originally planned. Having taken the views of data users, stakeholders and other organisations involved in similar research, a decision was taken in February 2021 to postpone the fieldwork until 2022, when it is hoped that the wider circumstances will be more suited to this in-depth research, which requires surveyors to spend between 60 and 90 minutes in the dwelling.</p>

NIHE Revitalisation	<p>Over the last decade it has become clear that financial and policy constraints have greatly curtailed the Housing Executive's ability to maintain and improve its own housing stock and to tackle the growing housing demand in Northern Ireland. This is already having an impact on our citizens and communities, and will exacerbate further if the investment challenge facing the Housing Executive is not addressed.</p> <p>In January 2020, New Decade New Approach committed the Northern Ireland Executive to:</p> <ul style="list-style-type: none"> • tackle the investment challenge and maintenance backlog facing the Housing Executive; • examine options to remove historical debt; • and provide a long term trajectory for Housing Executive rental charges that are affordable to tenants and landlord. <p>Following a statement to the Northern Ireland Assembly by the Minister for Communities in November 2020, the Housing Executive Revitalisation Programme was established. The objectives of this programme are to consider and assess options which will meet the investment challenge through a revitalised strategic housing authority and a sustainable social landlord that can maintain and provide good quality and affordable social homes for current tenants and future generations.</p> <p>The main focus of the Pre-Implementation (first) Stage of the Housing Executive Revitalisation Programme will be to produce a recommendation on how best to address the Housing Executive Landlord investment challenge to the Minister. This will be presented to the Executive for agreement, by March 2022.</p> <p>The Implementation (second) Phase of the Executive Revitalisation Programme planned for May 2022 to May 2025 and will focus on:</p> <ul style="list-style-type: none"> • Primary Legislation • Identify people and stock implications • Develop and implement any required new governance arrangements • Development of Borrowing package • Establishment and appointment of new designate landlord • Preparation of standalone Strategic Housing Authority <p>The Post-Implementation (third) Phase from May 2025 onwards plans:</p> <ul style="list-style-type: none"> • Major Investment Programme in Housing Executive Homes by reclassified Landlord • Ability to borrow for Landlord • Enable Housing Executive Landlord to contribute to increasing housing supply.

Older People's Housing Strategy	<p>In March 2021, the Housing Executive published the Older People's Housing Strategy 2021/22 - 2025/26 and accompanying Action Plan for Year 1 (2021/22).</p> <p>The Strategy takes into account the changing demography of Northern Ireland, including our tenant profile and aims to ensure the services and activities that the Housing Executive delivers, considers and meets the needs of our ageing population.</p> <p>The Strategy is set out under the following four key themes:</p> <ul style="list-style-type: none"> • Planning for the future; • Promoting and maintaining dignity; • Providing housing advice for older people; and • Promoting participation. <p>We are confident that through our expertise, and, working with a range of partners and stakeholders, we will achieve our objectives and improve housing related services for older people across Northern Ireland.</p>
Rural Strategy & Action Plan	<p>The Housing Executive has long recognised that in rural areas, we need to take additional measures to identify housing need which can often be hidden due to more dispersed communities and less availability of existing social housing stock. For many rural households, housing choices can be limited due to a low turnover of existing homes and a lack of new, affordable homes in the area. A more focused approach for rural areas is often necessary to ensure that we deliver our statutory housing functions and reach out to those who need our support. The introduction of the Rural Needs Act (NI) 2016, presented an opportunity for us to reaffirm our commitment to rural communities by ensuring that we pay due regard to their needs through the delivery of a fair and equitable housing service which takes account of local issues and circumstances.</p> <p>During 2020/21, we delivered a programme of 12 rural housing need tests in line with the various restrictions in place due to COVID-19. Although we could not accommodate face-to-face events, we continued to communicate and promote our services with rural communities through local press and social media. In August 2020, we partnered with NIFHA and Rural Community Network to deliver a 2 week digital campaign aimed at raising awareness of the importance of new housing in sustaining and enhancing our rural communities. As part of the campaign, we also published our first online edition of Rural Matters and received positive feedback on the quality and relevance of the information provided for both tenants and stakeholders in rural areas during the pandemic.</p> <p>Our draft Rural Strategy 2021-2025 was published for consultation in July 2021. The Strategy identifies through high level outcomes and priorities, the need to support our rural customers, to increase the provision of affordable housing in rural areas and to enable the sustainable growth of our rural communities. We hope to build on the achievements of the last Strategy including the continuation and development of the annual programme of Rural Housing Need Tests, contributing to collaborative funding support for the development and improvement of rural community infrastructure and celebrating the invaluable contribution of the rural community groups through the annual Rural Community Awards competition.</p>

Social Enterprise Plus Strategy 2020-24	<p>The new Social Enterprise Plus Awards scheme was launched at a Central Housing Community Network event on 8 July 2020. The Awards were open for applications from July 2020 until mid-August 2020. An Independent Awards Panels met in late 2020 to assess and determine successful awardees in the respective £10k and £25k categories. The process of releasing funding payments then began in December 2020.</p> <p>All visits by the Social Enterprise Team to awardees were subject to risk assessment and the ever-changing COVID-19 guidelines and regulations. Social Enterprise Plus 2020/2021 funding was earmarked by December 2020 and the monies awarded issued to successful applicants (some on a two-staged basis) by early March 2021.</p>
Social Housing Development Programme (SHDP)	<p>The Housing Executive's Development Programme Group (DPG) manages the Social Housing Development Programme (SHDP) on behalf of DfC. This work contributes to the draft PfG Outcome 11: 'We connect people and opportunities through our infrastructure'. The SHDP is managed on a rolling 3-year basis, with each iteration subject to approval from both the Housing Executive's Board and the Minister for Communities.</p> <p>For the 2020/21 year, a budget of c. £136m was in place to deliver on key headline targets of 1,850 new social housing starts and 1,200 social housing completions, as well as a number of ancillary targets. Despite the adjustment period in Q1 to digital/remote ways of working for a range of key stakeholders in the delivery of new social housing, housing associations were able to bounce back from the impact of the COVID-19 pandemic on the 2019/20 programme, achieving 2,403 new social housing Starts (121 schemes) and 1,304 new social housing Completions (103 schemes).</p> <p>In addition to these headline targets; (a) the highest-ever level of annual Wheelchair-Accessible new social housing Starts was recorded in 2020/21 (179 units), representing 8.5% of all new build social housing (against a target of 10%), (b) 178 units were started on former Housing Executive-owned land (against a target of 50 units), (c) work commenced on 408 one-bed properties (against a target of 200 units), (d) 98 Starts were confirmed in Rural areas (5.2% against a target of 11.4%).</p> <p>As well as enabling delivery of new social housing across Northern Ireland, DPG also provides grant assistance to housing associations to carry out vital adaptations to their properties for tenants with disabilities. In 2020/21, a total of 619 adaptation claims were assessed, providing Grant funding of £2.78m to housing associations for the works, including 17 major adaptations (extensions, ground floor bedrooms etc.). The Housing Executive also worked closely with DfC to ensure that any additional funding required as a result of the impact of the COVID-19 pandemic on planned construction works was administered in a timely fashion to support housing associations and construction firms to continue to deliver new homes.</p> <p>Looking forward, the Minister for Communities has indicated her ambition to prepare the SHDP to deliver a step-increase in its capacity; and to change and support the SHDP so that it is better at providing new social homes in greater numbers in areas of acute housing need. This commitment to increasing new social housing provision across Northern Ireland was followed up with an announcement in April 2021 that £162m has been made available to deliver Starts on a minimum of 1,900 new social homes via the SHDP in 2021/22. The key priority for the next three years is therefore to work with DfC officials and the housing association movement to support the delivery</p>

	<p>of higher numbers of new social homes annually, and to ensure that the programme is addressing acute housing need. In addition to achieving higher overall delivery, the Housing Executive will seek to work with DfC and associations to bring forward pilot schemes for delivery of improved design standards in a range of areas – including city centre living, housing for older people, and more energy efficient housing.</p>
Strategic Review of Temporary Accommodation	<p>The Strategic Review of Temporary Accommodation was paused last year in order to implement the COVID-19 Homelessness response. The pandemic has had a significant impact on demand for temporary accommodation and we have had to acquire additional accommodation in order to ensure we continue to be able to meet the needs of homeless applicants. At this point we have acquired approximately 650 additional units of accommodation which is an increase to the portfolio of about 25%. Many lessons have been learned and new models tested as part of our response. We have published a Reset Plan, entitled 'The Way Home' (detailed above) which sets out our emergency response, the next steps to respond to the ongoing pandemic as well as our longer term ambitions. One of these ambitions is ensuring adequate provision of temporary accommodation and the Plan details how we intend to do this.</p> <p>Our Strategic Action Plan for Temporary Accommodation will build on our learning and experiences during the pandemic and will be issued for consultation in autumn this year. It will outline our ambitions and actions to ensure we are in a position to meet the accommodation and support needs of homeless customers at the point of that need. It will include actions to prevent homelessness and the need for temporary accommodation in the first place, minimise the length of time people spend in temporary accommodation, ensure value for money, shift towards housing led responses, reduce reliance on hotel/B&B accommodation and develop new models of temporary accommodation. This Action Plan will be launched along with the new Homelessness Strategy for 2022-27.</p>
Supporting People Strategy and Action Plan	<p>The Housing Executive acts as the administering authority for the Supporting People (SP) Programme in Northern Ireland. This role includes the payment of SP Grant to approximately 85 Providers who provide over 850 housing support services, which deliver assistance with housing-related tasks to more than 19,000 vulnerable people in order to help them develop or maintain the skills necessary to live as independently as possible in their own home. In 2020/21 and 2021/22, the annual SP budget is £72.8m (excluding COVID-19 fund).</p> <p>'Exceptional' Work: COVID-19</p> <p>The challenges faced by the sector due to the emergence of COVID-19 were unprecedented. However, organisations adapted quickly to the change in circumstances and worked effectively in partnership across the sector.</p> <p>With approval from DfC, the SP team responded to COVID-19 by allowing Providers to spend previously frozen SP reserves on COVID-related expenditure. An additional £11.56m was made available specifically for COVID-19 pressures including staffing, cleaning and Personal Protective Equipment (PPE). Contract management and reporting was relaxed temporarily in March 2020 to allow Providers time to cope with the challenges of responding to the impact of COVID-19. This was resumed in quarter 2 of 2020/21 with Contract Management activities being carried out remotely.</p>

	<p>Major Adverse Incidents (MAIs)</p> <p>SP continues to monitor major adverse incidents across SP funded services. Societal issues affecting the Homelessness theme have intensified over several years, as can be evidenced by the increase in reporting of major adverse incidents by 41% from 2019/20 to 2020/21. The effects of isolating, social distancing and the lockdown has led to an increased decline in many service users' mental health. In the year 2020/21, the most prominent Major Adverse Incident reported was in the drug-related non-fatal overdose category (14), followed by unexpected deaths (7) and service user deaths (7). The SP team continues to support Provider staff in their effort to keep service users safe.</p> <p>Supporting People 'Business as Usual' Activities</p> <p>In quarter 2 of 2020/21, SP revised the contract management approach and began to operate a remote regime, which has continued throughout 2020/21. During the pandemic the SP Team maintained a 'business as usual' approach and achieved a significant amount whilst working from home.</p> <p>Supporting People Outcomes</p> <p>A new system for Providers to submit Outcomes data was developed by SP and was introduced in October 2020, along with online training materials and sessions on how to use the new system for both SP staff and Providers. In the 2020/21 year, the SP Programme showed an overall average success rate of 90% against the Outcomes Indicators across 84 Providers, delivering 853 services.</p> <p>Supporting People Provider Innovation Fund (PIF)</p> <p>The Provider Innovation Fund is a competitive fund that aims to support improvements to the delivery of the SP Programme, thus assisting efficiency and effectiveness within the SP sector. Existing SP Providers are able to bid for support to help them innovate and improve their service delivery thus enabling more resources to be channelled to frontline delivery. A total of 28 bids with a value of £1,286,969 were received for the 2020/21 year and awards of £916,819 were made to 21 of the applicants.</p> <p>Supporting People Ministerial Review Recommendations</p> <p>In the past year (2020/21), the SP team has been working on completion of the remaining recommendations from the review carried out in 2015 by the Department for Social Development, now DfC.</p> <p>Strategic Needs Assessment (SNA)</p> <p>SP has developed a Strategic Needs Assessment which includes demographic trends and other social factors to identify current and future patterns of need. The report has been approved by the Housing Executive Board, the Programme Board, and has been shared with DfC.</p> <p>The emerging picture from the needs assessment process and the scale of the estimated gap highlights a range of strategic challenges for the SP Programme over the lifetime of the SP Three Year Strategy. This emerging evidence base will help to inform decisions on how services can be best delivered, will support future planning and decision-making, and will be aligned to wider strategic priorities set by the NI Executive and PfG.</p>

	<p>Supporting People Three Year Strategy 2021-24</p> <p>Through engagement with Providers and service users we have developed ‘The Supporting People Three Year Strategy 2021- 2024’. High-level information from the SNA has been considered, in order to inform and develop the strategy and direct priorities within it. There is a particular focus on COVID-19, and service user voices. The Strategy is due to go to Public Consultation later in 2021.</p>
<p>Sustainability and Energy Transition</p>	<p>Within the Housing Executive’s statutory responsibility as Northern Ireland’s regional Home Energy Conservation Authority (HECA), there is a continued focus on reducing greenhouse gases (GHG) and improving energy efficiency across all NI’s housing sector. The key highlights of this year has been the launch of a refreshed NI Energy Advice Service, relaunching our NI Schools Energy Efficiency Awareness Programme, growing the NI Oil Buying Club Network, reporting the annual progress of reducing GHG and improving domestic energy efficiency, continuing to lead on the transnational EU funded HANDIHEAT project with seven partners across five EU countries and planning for future energy efficiency and decarbonised heating pilots.</p> <p>Within the current HECA Annual Progress Report (2020), the Housing Executive invested over £37.5m in energy efficiency measures in both public and private housing through its landlord commitments and private grant funds managed on behalf of DfC, namely the Affordable Warmth and Boiler Replacement Scheme.</p> <p>HANDIHEAT Project</p> <p>The aim of the €2m EU-funded HANDIHEAT Project, which is in the third year of its implementation phase, is to contribute to improvements in energy efficiency by demonstrating the effectiveness of renewable energy solutions in isolated rural communities across northern Europe. There is a further focus on identifying best practice and providing evidence to support future policy interventions in this area of activity. The Housing Executive fulfils dual roles in the context of the Project, acting as the Lead Partner with partners across Ireland, Scotland, Finland and Iceland. The Housing Executive’s secondary role is to run the demonstration pilot involving a small number of Housing Executive owned homes in Lisnaskea, Co Fermanagh. The aim of the HANDIHEAT pilot in Fermanagh is to assess the capital cost, household energy bills and carbon savings with the installation of non-intrusive energy efficiency measures within a budget of under £7,000 per house, with new lower carbon heating systems.</p> <p>The results of the pilot demonstration sites in Lisnaskea, will seek to inform and influence energy policies in NI going forward. You can find out more about the HANDIHEAT project at http://handiheatproject.eu/.</p>

Tower Blocks	<p>The Tower Blocks Action Plan sets out the Housing Executive's strategic approach and implementation plan for addressing the 33 tower blocks in its ownership. The Action Plan was approved by the Board of the Housing Executive in March 2019 and by the DfC in August 2019. When delivered, the plan will deliver a mix of retention, re-provision and disposal of blocks at various points in time. Given the complexity and scale of this plan the blocks have been categorised into 3 phases:</p> <ul style="list-style-type: none"> • Phase 1: Demolition (or disposal in some cases) in a 1 to 5 year time period - 14 'Short' term blocks (Monkscoole, Abbotscoole, Latharna, Moylena, Kilbroney, Clarawood, Oisin, Coolmoyne, Rathmoyne, Breda, Ross, Woodland, Beechwood, Magowan) • Phase 2: Demolition in a 6 to 10 year period, with remedial works to be carried out in the interim - 7 'Medium' term blocks (Finn, Fianna, Belvoir, Parkdale, Riverdale, Ferndale, Mount Vernon) • Phase 3: Demolition at a point beyond a 10 year period, with improvement works carried out as required - 12 'Long' term blocks. (Divis, Grainne, Maeve, Eithne, Cuchulainn, Moveen, Woodstock, Willowbrook, Carnet, Whincroft, Glencole, Carncoole) <p>The Action Plan is a high level document that sets out the broad timescales, actions and estimated funding required over the next fifteen to twenty years. Implementation of the proposals will be subject to approval of business cases for individual or groups of blocks as appropriate.</p> <p>A Delivery Team is in place to drive and manage the implementation of the Action Plan and there has been significant progress despite the impact of the COVID-19 pandemic. A consultant is being appointed to advise on and prepare the refurbishment programme for the long term blocks. The Housing Executive Board has approved the installation of sprinklers in the blocks and a contract to deliver this is being procured. Four blocks, Monkscoole, Latharna, Rathmoyne and Coolmoyne have been approved for demolition, and business case proposals have been prepared for several other blocks.</p>
Traveller Accommodation	<p>The Housing Executive has regularly published comprehensive accommodation research in 2002, 2008 and 2015 for the Irish Traveller Community across Northern Ireland. The most recent Irish Travellers' Accommodation Survey 2018/19 was completed in 2019 and is an important evidence base in the development of our Irish Travellers Accommodation Strategy 2021 – 2026. The draft Strategy was released for a twelve week consultation period on 1 July 2020. Due to restrictions imposed by the COVID-19 pandemic the consultation period was extended for an additional eight weeks and concluded on 18 November 2020.</p> <p>The Strategy aims to provide safe and sustainable accommodation that meets the accommodation and cultural needs of the Irish Traveller community through the implementation of 12 key actions in a five year Action Plan. In the coming year the Housing Executive will initiate:</p> <ul style="list-style-type: none"> • a research project to scope the development of a Irish Traveller needs assessment methodology;

	<ul style="list-style-type: none"> • policy development to screen Housing Executive policies and procedures to ensure no adverse impact on Irish Travellers; • a review on housing management policies for Irish Travellers; • the development of an Irish Travellers forum to give feedback on relevant policies and procedures. <p>The Strategy has now been finalised and will be released on the Housing Executive website and social media later in the year.</p>
Welfare Reform	<p>Welfare Reform has meant significant changes to the benefit system for people of working age in Northern Ireland. Whilst all of the changes have had some effect on the Housing Executive, those which have had most impact are Social Sector Size Criteria (Bedroom Tax), Universal Credit and Benefit Cap.</p> <p>At the end of March 2021, Social Sector Size Criteria was directly impacting on 24,288 Housing Executive tenants and 115 Housing Executive tenants in receipt of Housing Benefit were affected by Benefit Cap.</p> <p>Welfare Supplementary Payments (mitigation) were due to end in 2020; however the Minister for Communities announced plans to extend the mitigations to the Bedroom Tax beyond 31 March 2020 and payments have continued. The Minister is expected to bring new legislation to the Assembly in the current financial year, which will permanently extend the mitigations.</p> <p>At the end of March 2021, 19,546 Housing Executive tenants had made a claim for Universal Credit, with a significant increase in the number of tenants making a new claim for Universal Credit due to the economic impacts of the COVID-19 pandemic.</p> <p>During March and April 2020, an additional approx 1,150 tenants made a claim for Universal Credit due to being impacted by business closures due to lockdown. However, following the announcement of the Government's income support schemes in mid-April 2020, the number of new claimants per month (approx. 450) returned to normal levels and remained broadly consistent thereafter.</p> <p>Natural migration to Universal Credit continues and will do so until Universal Credit is fully implemented through the 'Move to UC' phase of roll out, where working-age customers on the relevant benefits will be advised when they should move to Universal Credit. The 'Move to UC' is currently on hold; however, it is anticipated that some 45,000 Housing Executive tenants of working age will be in receipt of Universal Credit when it is complete.</p> <p>Housing Benefit's caseload is gradually decreasing and this reduction is likely to continue as Universal Credit's 'Move to UC' phase takes effect; however, it should be noted that the caseload is decreasing at a much slower rate than previously anticipated. Once the 'Move to UC' is complete, Housing Benefit will still have a significant number of customers, approximately 42,000, of State Pension Credit age as well as customers living in supported accommodation or who are placed in temporary accommodation.</p> <p>The Housing Executive will continue to administer Housing Benefit for DfC along with Discretionary Housing Payments for both Housing Benefit and Universal Credit claimants.</p>

Population of Fermanagh and Omagh District

The population of Fermanagh and Omagh District is projected to increase by 2% from 117,397 in 2019 to 119,732 in 2029. It represents 6.2% of the NI population at 2019.

Within Fermanagh and Omagh the percentage of older people (65+ years) in the population is projected to increase by 30.2% over the period 2019 to 2029. Therefore social stock to meet this specific future need will need to increase over the same period.

There is a projected Housing Growth Indicator (HGI) new dwelling requirement of 4,300 for the period 2016-2030 in Fermanagh and Omagh. The overall NI requirement for the same period is 84,800.

This data along with the Housing Executive's Housing Needs Assessment and Strategic Housing Market Analysis will inform the Council's Local Development Plan on the need for additional development land.

At 2016 there were 49,100 households in Fermanagh and Omagh, of these 63% were Owner Occupied; 27% Private Rented and 10% Social Rented (2016 NIHE House Condition Survey). These figures include 'vacants when last occupied' within the three main tenure groups.

*Universal Credit refers to Housing Executive tenants receiving the Housing Cost element of Universal Credit.

The rollout of Universal Credit for new claimants commenced in September 2017 and was completed in December 2018. Since the introduction of Universal Credit in Northern Ireland, the number of Housing Benefit claimants has continued to reduce. Working age benefit claimants will naturally move to Universal Credit when they have a relevant change of circumstances.

There were 1,054 Housing Executive tenants receiving the Housing Cost element of Universal Credit in Fermanagh and Omagh at end of March 2021.

The following sections will discuss owner occupied, private rented and social rented sectors in more detail.

Owner Occupied Sector

Owner Occupation comprises 63% of the overall homes in the district (HCS 2016). Ulster University state that the average house price in Fermanagh and Omagh in 2020 was £165,877 which represents an increase of 9.0% on 2019 figures.

Intermediate need

Demand for intermediate housing aimed at low income households in Fermanagh and Omagh is estimated at 630 units between 2020-2030.

The Housing Executive has developed a new assessment of intermediate housing need, as contained in the Strategic Housing Market Analysis (SHMA) reports, which better aligns with DfC's new definition of affordable housing. This method estimates demand for both shared ownership and intermediate rent (the current method is based on shared ownership only). Similar to the current method, it uses household projection figures and income data, however also includes contextual, cross tenure housing market information. As the SHMAs are being prepared in two phases, there will be a transitional period this year.

The new SHMA method is being reported in the HIP updates for Antrim & Newtownabbey, Ards & North Down, Belfast, Derry City & Strabane and Lisburn & Castlereagh, with the current assessment of shared ownership being used for the remaining council areas until the second phase is complete.

Landlord Registration Scheme

DfC's Landlord Registration scheme identified 3,553 properties registered by 2,394 landlords in Fermanagh and Omagh at March 2021.

Houses in Multiple Occupation (HMO)

As household groups reduce in size, Houses in Multiple Occupation (HMO) will continue to play a greater role in the housing market, particularly for single households aged under 35. Since 1 April 2019 Belfast City Council has assumed responsibility for licensing of HMOs.

Social Housing Sector

The Social Housing sector share of the housing market in Fermanagh and Omagh District Council area was 10% (HCS 2016).

At March 2021 there were 1,928 applicants on the waiting list for Fermanagh and Omagh District Council area with 1,261 in housing stress. There were 261 allocations over the year. Single, older persons and small family households comprise 87% of the housing stress waiting list in the council area. The need for small family accommodation remains strong and there is a growing demand to meet requirements for older persons. See Appendix 7 for area breakdown.

Social Housing Waiting List Trends

The requirement for new social housing in Fermanagh and Omagh has increased between 2020 and 2021. Refer to Appendix 2, which shows projected housing need which is concentrated in the main towns of Enniskillen and Omagh.

469 The five-year assessment for 2020-25 shows a need for 469 units in the council area.

To address social need, the Housing Executive's three year Social Housing Development Programme (SHDP) has 66 housing units planned.

During 2020/21, 18 homes were completed across Fermanagh and Omagh District Council area and 17 units were under construction at end of March 2021. See Appendix 3 for details of the programme, completions and on-site schemes.

Housing Associations have been submitting a high number of proposals for Enniskillen and Omagh over the past year and we are currently liaising with our Housing Association colleagues on appropriate housing mixes before moving towards programming.

Rural Areas

House and land prices, land availability and rates of development may make the first steps into owner occupation more difficult for many young rural households within Fermanagh and Omagh District Council area. The tendency for owner occupation in rural areas will also result in limited opportunity for the private rented sector to offer affordable accommodation due to a more competitive housing market. As we begin to emerge from a time of unprecedented change during the COVID-19 pandemic, we will review the impact on housing market areas resulting from this period of mandatory home-working, considering in particular the impact on rural housing.

The Housing Executive will continue to work with rural communities to identify hidden or 'latent' housing need through rural housing needs tests. These rural locations will be determined following the annual review of the Housing Need Assessment and consideration is also given to requests from community representatives.

During 2020/21 rural housing needs tests took place in Newtownbutler, Kesh, Teemore and Tempo. Site identification studies were completed in Maguiresbridge and Trillick with a study programmed for Donagh during 2021/22.

Homelessness

The number of households presenting as homeless in Fermanagh and Omagh District Council area remains high, although there has been a decrease of 60 between March 2020 and March 2021 with 609 presenters by the end of March 2021, see Appendix 5. Homelessness became an even bigger challenge in 2020 due to the COVID-19 pandemic. The Housing Executive has responded in our publication 'The Way Home – Homelessness Response to COVID-19 (the Reset Plan)' outlining our operational plans to tackle homelessness and prevent it in the future.

The main reasons for homelessness acceptances continue to be as a result of accommodation not reasonable and sharing breakdown / family dispute. Additional homelessness funding of £7.3m was provided by DfC and the Department of Health during the COVID-19 pandemic to enable the Housing Executive bring 150 void properties back into use as furnished hostel accommodation, to ensure there was no one sleeping rough on our streets.

There is a range of temporary accommodation options available in Fermanagh and Omagh Council area. During 2020/21 the Housing Executive made 222 placements, which included 30 placements into voluntary sector hostels and 112 placements into single let properties.

Accessible Housing

The development of the In-House Accessible Housing Register (AHR) Solution was completed in March 2021. The Housing Executive's AHR data collection will be included within the Asset Management Stock Condition Survey which aims to survey 66,000+ properties on a rolling basis and was set to complete in 2023, however the COVID-19 pandemic has impacted upon completion of the surveys. In order to realise the benefits it is also prudent to consider targeting specific accessible properties such as those with adaptation extensions, bungalows and ground floor flats. AHR training has been completed for Housing Executive surveyors and is currently being arranged for Housing Association staff. Within Fermanagh and Omagh District Council area there is an identified social housing need at March 2020 for 30 wheelchair units.

Adaptations

During 2020/21 the Housing Executive spent £0.47m on adaptations to their properties in Fermanagh and Omagh District Council area. See Appendix 4.

Community Planning

Community Planning involves integrating all the various streams of public life e.g. health, education, community safety, the voluntary sector, arts and leisure etc. to produce a plan that will set out the future direction of the Fermanagh and Omagh District Council area. The Council will work with statutory bodies and the wider community to develop a shared vision and a Community Plan.

The [Fermanagh & Omagh 2030 – Our Community Plan 2020 Update](#) published in November 2020 identifies six outcomes and one cross cutting outcome reflecting the needs and aspirations of all citizens. See Appendix 1. The document updated the first Community Plan published in March 2017 taking into account an extensive period of reflection and review, involving stakeholders, public consultation and the first Statement of Progress published in November 2019. It identifies the partnership actions which we will collectively focus on in the short to medium term with consideration given to the ongoing COVID-19 pandemic.

Local Development Plan

The Council's timetable has been agreed and published. The council's Preferred Options Paper launched in October 2016 and was followed by the launch of the draft Plan Strategy in October 2018. The council submitted its draft Plan strategy to DfI in December 2020 and is currently progressing its LDP Draft Plan Strategy to Independent Examination. It is proposed to be heard 2nd quarter of 2021. Further information can be found [here](#).

Housing Executive Spend

The past year has delivered significant housing investment for a wide range of services, and the 2020/21 public sector housing investment totalled £14.44m for Fermanagh and Omagh.

Fermanagh and Omagh District Council 2020/21 Public Sector Housing Spend (£m)

Source: NIHE

Notes:

*Planned Maintenance work (Planned, Cyclical, and MS running costs) spend was £1.62m and Stock Improvement Spend was £0.20m.

**Investment in new build is the total cost of schemes starting in the programme year but which may be spent over more than one year.

***Affordable Warmth spend was £523k and Boiler Replacement spend was £122k.

NB: 2020/21 expenditure figures in the chart above are with Northern Ireland Audit Office for auditing at present. The audit is expected to complete late summer.

The Housing Executive will continue to deliver significant housing investment across a wide range of services, with the planned 2021/22 public sector housing spend in Fermanagh and Omagh totalling £16.02m.

Fermanagh and Omagh District Council 2021/22 Projected Public Sector Housing Spend (£m)

Source: NIHE

Notes:

*Planned Maintenance work (Planned, Cyclical, and MS running costs) projected spend is £5.88m and Stock Improvement Spend is £0.74m.

<p>Two Chronic Homelessness Research projects have been commissioned. One to look at the impact of chronic homelessness on women and the second to consider the role of day services in delivering help to clients experiencing chronic homelessness.</p> <p>Implementation of year two actions in Chronic Homelessness Action Plan (CHAP).</p>	<p>A final report on the role of day services in delivering help to clients experiencing chronic homelessness, with amended objectives due to the impact of COVID-19 in how services were delivered, has been approved. A final draft of the report into the impact of chronic homelessness on women has been received. Final comments from the Project Advisory Group will be provided to the Researcher and it is anticipated the report will be complete and approved later in the year. Outcomes from both projects will inform the development of the next Homelessness Strategy.</p> <p>The COVID-19 pandemic has had a major impact on the delivery of homelessness services and particularly in relation to clients most likely to be experiencing chronic homelessness such as rough sleepers. Actions within the CHAP have been advanced and delivered via a COVID Response Team and in the longer term, the NIHE Reset Plan will examine how CHAP actions need to be addressed in the future.</p> <p>Specific actions included:</p> <ul style="list-style-type: none"> • The introduction of shared housing options for young people moving from supported accommodation while ensuring social distancing guidelines are implemented; 	<p>Work will continue to incorporate chronic homelessness indicators into the Housing Management System following a delay to this due to COVID-19.</p> <p>NIHE is also exploring funding options for the delivery of additional housing led solutions for clients experiencing chronic homelessness.</p>	<p>1B 1C 3A</p>

Work on the development and implementation of a Private Rented Sector Access Scheme (PRSAS) was put on hold during 2020/21, whilst Homelessness Policy and Strategy responded to the impact of the COVID-19 pandemic on the Homeless population.	In the interim whilst work continues to deal with the impact of COVID-19 on homelessness, several small projects have been funded through the Homeless Prevention fund to facilitate access to the private rented sector and lessons learned will be considered. Also a piece of research titled 'Preventing Homelessness and Sustaining Tenancies in the Private Rented Sector: Scoping Project' was commissioned and will provide further insight and inform future requirements for a PRSAS.	Any further developments in respect of implementing a new PRSAS will be subject to the necessary funding being secured. However, as part of our ongoing response to COVID-19 and the implementation of a Reset Plan, the development of a scheme which provides support for those seeking to access or maintain private rented accommodation will be a priority for the Housing Executive. Additionally, it is vital that the NIHE considers the impact of the Fundamental Review of Allocations as any decision to discharge our statutory homelessness duty to the private rented sector will significantly influence support available for those living in this sector.	1C 3A

Glossary

Affordable Housing	<p>Affordable housing is:</p> <ul style="list-style-type: none"> a) Social rented housing; or b) Intermediate housing for sale; or c) Intermediate housing for rent <p>that is provided outside of the general market, for those whose needs are not met by the market. Affordable housing which is funded by Government must remain affordable or alternatively there must be provision for the public subsidy to be repaid or recycled in the provision of new affordable housing.</p>
Affordable Housing Fund	Administered by DfC, this finances an interest-free loan to housing associations, to fund the provision of new affordable homes and the refurbishment of empty homes.
Areas at Risk	This programme aims to intervene, by working with residents, in areas at risk of slipping into social or environmental decline.
Building Successful Communities (BSC)	Carried out in six pilot areas; this uses housing intervention to regenerate areas and reverse community decline.
Community Asset Transfer (CAT)	CAT provides for a change in management and/or ownership of land or buildings, from public bodies to communities.
Community Cohesion	Cohesive communities are communities where there is a sense of belonging, and there are positive relationships within the community, regardless of background.
Continuous Tenant Omnibus Survey (CTOS)	CTOS is an assessment of the attitudes of Housing Executive tenants.
Department for Communities (DfC)	A government department in Northern Ireland, which came into effect in May 2016 and replaced the Department for Social Development (DSD).
Disabled Facilities Grant (DFG)	A grant to help improve the home of a person with a disability who lives in the private sector to enable them to continue to live in their own home.
Discretionary Grants	Renovation, Replacement or Home Repair Assistance grants are grants that the Housing Executive may approve applications for assistance.

Equity Sharing	Equity sharing allows social housing tenants to buy part of their dwelling (starting at 25%). The remaining portion is rented from the Housing Executive or a registered housing association.
Floating Support	This support enables users to maintain or regain independence in their own homes. Floating support is not tied to the accommodation but is delivered to the individual users.
Fuel Poverty	A household is in fuel poverty if, in order to maintain an acceptable temperature throughout the home, they would have to spend more than 10% of their income on all household fuel.
Full Duty Applicant (FDA)	A Full Duty Applicant is a person to whom the Housing Executive owes a duty under Article 10 (2) of the Housing (NI) Order, 1988, to 'ensure that accommodation becomes available for his/her occupation'.
Home Energy Conservation Authority (HECA)	The Housing Executive is the HECA for Northern Ireland.
House in Multiple Occupation (HMO)	HMO is a house occupied by more than two qualifying persons, being persons who are not members of the same family.
House Sales Scheme	The House Sales Scheme gives eligible tenants of the Housing Executive the right to buy their property at a discount.
Housing for All	Having met the Together Building a United Community (TBUC) commitment of delivering 10 shared schemes, commitment will be continued through the Programme for Government to support the delivery of 200 units annually, through the Shared New Build Programme, re-branded as 'Housing for All'.
Housing Growth Indicators (HGI)	Figures contained in the Regional Development Strategy, to estimate the new dwelling requirement for council areas and the Belfast Metropolitan Urban Area for 2016-2030.
Housing Market Area	A housing market area is the geographic area within which the majority of households move, work and live.

Housing Market Assessment (HMA)	This is an evidence base for housing and planning policies, which examines the operation of housing market areas, including the characteristics of the housing market, how key factors work together and the potential housing need and demand on a cross tenure basis.
Housing Needs Assessment (HNA)	This is an assessment of local housing needs, primarily in relation to general needs social housing and wheelchair accessible accommodation.
Housing Stress	Applicants, on the waiting list, who have 30 points or above are considered to be in housing stress.
Intermediate Housing	Intermediate Housing currently consists of shared ownership housing provided through a registered housing association (e.g. Co-Ownership Housing Association) and helps eligible households who can afford a small mortgage, but cannot afford to buy a property outright. The property is split between part ownership by the householder and part social renting from the registered housing association. The new definition of affordable housing includes both intermediate housing for sale and intermediate housing for rent.
Landlord Registration scheme	Under the Landlord Registration Scheme Regulations (NI) 2014 all private landlords must provide accurate and up to date information about themselves and their properties to the Registrar.
Rural Housing Needs Test	Rural Housing Needs Test is a housing needs survey carried out in a rural area to assess any potential hidden need.
Mandatory Grants	Disabled Facilities Grants and Repair Grants are grants where the Housing Executive shall approve applications for assistance.
Neighbourhood Renewal	Government departments and agencies working in partnership to tackle disadvantage and deprivation.
NIFHA	Northern Ireland Federation of Housing Associations.
NISRA	Northern Ireland Statistics and Research Agency.
Oil Buying Clubs Scheme	Oil Buying Clubs are designed to help consumers reduce their costs by purchasing oil orders in bulk, as part of a group.
PCSPs	Policing and Community Safety Partnerships.
PPS	Planning Policy Statement.

Repossession	Repossession is where a court order has been granted ordering a debtor to hand back a property to a creditor where the property was either used as collateral (for a mortgage, loan or an unsecured debt or loan which has been secured by an order charging land) or rented or leased in a previous contract between the creditor and the debtor.
Supporting Communities Northern Ireland (SCNI)	Supporting Communities Northern Ireland provides training and funding for community groups.
Shared Housing	These are communities where people choose to live with others, regardless of their religion or race, in a neighbourhood that is safe and welcoming to all.
Site Identification Study (SIS)	A Site Identification Study is a report which examines all undeveloped lands within a settlement which has consistent unmet housing need. The study, which is prepared by the Housing Executive's Regional Place Shaping Teams, seeks to identify potential sites for the future development of social and intermediate housing.
Social Housing Development Programme (SHDP)	The SHDP provides grant funding to housing associations to build social housing. The programme is managed by the Housing Executive on a three-year rolling basis.
Social Enterprise	Social enterprises are businesses with primarily social objectives whose profits are reinvested to achieve these objectives in a community.
Social Rented Housing	Social Rented Housing is housing provided at an affordable rent by the Housing Executive and registered housing associations; that is, housing associations, which are registered and regulated by DfC as a social housing provider. Social rented accommodation is offered in accordance with the Common Selection Scheme, administered by the Housing Executive, prioritising households who are living in insecure or unsuitable accommodation.
Small Pockets of Deprivation (SPOD)	SPOD is a delivery vehicle for neighbourhood renewal.
Supported Housing	A term used to describe a range of both long and short-term accommodation provided for people who need an additional level of housing related support, to help them lead an independent life.

Supporting People Programme	The Supporting People Programme is designed to provide housing related support, to prevent difficulties that can typically lead to hospitalisation, homelessness or institutional care, and can aid a smooth transition to independent living, for those leaving an institutionalised environment.
Temporary Accommodation	The Housing Executive provides temporary accommodation in the form of Housing Executive hostels, voluntary sector hostels, leased premises (Dispersed Intensively Managed Emergency accommodation – DIME), single lets and non-standard accommodation (B&B/hotel) as and when required. B&Bs and hotels are used, when no other options are available, for a short duration.
Tenancy Deposit Scheme	When a tenant rents a property from a private landlord, they will usually pay a deposit. The private landlord must protect the deposit under the Tenancy Deposit Scheme. This scheme makes sure a tenant gets their deposit back when they move out if they have looked after the property and paid their rent.
Universal Credit	Universal Credit is a payment for people over 18, but under State Pension age that are on a low income or out of work. It includes support for the cost of housing (rent), children and childcare, as well as financial support for people with disabilities, carers and people too ill to work.
Welfare Reform	The term Welfare Reform is used to cover a wide range of changes to the social security (benefits) system. The main reforms that the Housing Executive have been involved with have included changes to Local Housing Allowance for Housing Benefit claimants living in the private rented sector, Universal Credit, Social Sector Size Criteria (Bedroom Tax) and the Benefit Cap.
