

Can you please provide the following data for the period 01/01/2023 - 01/10/2023.

1. The number of allocations made by NIHE local offices and Common landlord area.
2. The mean and median points at the point of allocation by local office and common landlord area

In answer to your request above please see the table below, which should be read in conjunction with the accompanying notes. The table shows the average points that applicants on the waiting list had at the point of allocation for allocations from the 01/01/23 - 30/09/23 broken down by NIHE Local Office, Common Landlord Area (CLA) and N. Ireland level. Please note we only have available data up to 30/09/23. In the interests of Data Protection we have had to remove the points for some CLAs where there was less than 10 allocations and where the points level was substantially different (we used a deviation of 20%) from the overall mean average points at the N. Ireland level. (These were primarily CLA's with small numbers of properties).

Allocations 01/01/23 - 30/09/23 by NIHE Local Office, Common Landlord Area (CLA) and Mean & Median Points (Pts) at the Point of Allocation.				
NIHE Local Office	CLA	No. of Allocations	Mean Pts at the Point of Allocation	Median Pts at the Point of Allocation

Notes:

- Allocations data includes allocations to both Housing Executive and housing association properties to applicants.
- Allocations data relates to allocations to applicants only.
- <10 are cases where numbers are less than 10.
- * Totals minus cases where there are less than 10.
- GDPR and Data Protection Act 2018 - It is important to note the GDPR & Data Protection Act 2018 regarding the potential risk of identifying individuals and individual households. Guidance from NISRA suggests that equality monitoring information should not be disclosed in sensitive cases where individuals or individual households could be identified. Also the Information Commissioner's Office (ICO) 'Anonymisation: Managing Data Protection Risk' Code of Practice states 'where less than 10 responses have been given to an answer that identifies something factual, all variables relating to that question have been suppressed'. However, 'it should be noted that attitudinal questions are not bound by this rule, in addition to responses of 'Don't know', 'Refused', 'Other' or similar. As the information provided is considered sensitive some statistical disclosure controls may have been placed on the tables with the omission of data in cases where there are less than ten Applicants.
- When a question of “average waiting times” or “average points” is asked MEAN and MEDIAN averages are provided. Reasons for this include:
 - The MEAN is the arithmetic average and as a statistic can often be unreliable, having been skewed by significant outliers i.e. applicants who have been on the waiting list for a number of years
 - This degree of skewing makes the arithmetic average, the MEAN, unreliable. Therefore, following expert advice on this matter a methodology that utilises the MEDIAN (a measure of central tendency) as a more reliable indicator in relation to Waiting Lists and Allocations is also provided.
