Our Ref: FOI 421

Request

We received your request on 27 May 2024 for the following information:

Please can you provide a breakdown of information (including age, gender, and council) regarding each case in which a homeless person has died whilst on a Northern Ireland Housing Executive waiting list.

In this instance homeless is anyone on the housing waiting list because they are deemed to be statutorily homeless and require housing.

Please provide this information for the last 10 years – March 2014 to March 2024.

Your request has been handled under the Freedom of Information Act 2000 (FOIA).

Our response

- 1. Please can you provide a breakdown of information (including age, gender, and council) regarding each case in which a homeless person has died whilst on a Northern Ireland Housing Executive waiting list.***

In this instance homeless is anyone on the housing waiting list because they are deemed to be statutorily homeless and require housing.

Please provide this information for the last 10 years – March 2014 to March 2024.

In responding to this request, the Housing Executive has attached a spreadsheet outlining the required data for applicants who, according to the Housing Order (NI) 1988 (as amended) have been accepted as statutorily homeless from 01 April 2014 – 31 March 2024 and where notification of death has subsequently been made to the Housing Executive.

This will include:

- i) those who have been in non-permanent housing (i.e. hostel accommodation) as well as
- ii) those who have been permanent tenants or homeowners at the time of their death, but retained by the Housing Executive as “homeless” in accordance with the statutory definition.

In providing the material in accordance with the request, it should be noted that the Housing Executive has made no distinction between either of the above groupings.

It should also be noted that the date on which the Housing Executive closed an application based on the death of the applicant, may not reflect the actual date of death. The Housing Executive is dependent on notification by others or other agencies, and this may take place months or years after the actual death of the applicant. Therefore, for example, while notification to the Housing Executive may have been made in 2014 or any of the subsequent years, the date of death may have been at any stage in the previous years.

While the attached Excel file details the number of cases where a household who is statutorily homeless has had their application cancelled due to the death of the household, the table below should be noted. The table below details the number of acceptances for each of the corresponding years for which the above information has been sought,

<i>Year</i>	<i>Number of households accepted as statutorily homeless</i>
<i>2014/15</i>	<i>11,016</i>
<i>2015/16</i>	<i>11,202</i>
<i>2016/17</i>	<i>11,889</i>
<i>2017/18</i>	<i>11,877</i>
<i>2018/19</i>	<i>12,512</i>
<i>2019/20</i>	<i>11,323</i>
<i>2020/21</i>	<i>9,889</i>
<i>2021/22</i>	<i>10,135</i>
<i>2022/23</i>	<i>10,349</i>
<i>2023/24</i>	<i>11,537</i>

This concludes our response.
