

Plans for redevelopment – Carnanmore Park

- 1. Are there plans to rebuild there and if so what form a new build will take. Eg housing/flats etc.**

There is no social housing development currently programmed for that site. The social housing development programme is available on the Housing Executive website.

[Social Housing Development Programme](#)

We do not have these properties in the NIHE portfolio as they are demolished. Therefore, these addresses are not in any live or future heating install programmes by the NIHE. It appears that following an inspection to the site, it was noted that PNG gas line is currently servicing the recently built Petrol Station, Stewartstown Road, and therefore not connected with any plans for NIHE stock/land.
