

Housing Executive properties in the Larne area for both 1993 and 2023

- 1. Good morning I am requesting through FOI the number of houses owned by the housing executive in 1993 in the larne area and the number of houses owned in the larne (old larne council) area in 2023 Many thanks*

The table below indicates HE property ownership for the Larne HNA area for 1993 and for 2023.

For the purposes of the FOI we have used the closest geographic representation for the “old Larne council” area using the Common Landlord Areas (CLAs) that make up the current Larne town Housing Need Area (HNA) . GIS have provided the historic detail on HE ownership based on this geography for 1993. The figures for 2023 are the official House Sales figures for the 31st March 2023 for the same CLAs. Additionally the former District Council covered a wider area than Larne town, including the villages of Glenarm and Carnlough. which for comparative purposes have not been included below

Common Landlord Area	1993	2023
Linn Road	889	566
Ferris Park	171	125
Sallagh Park	68	30
Riverdale	104	0
Larne Town	370	93
Old Glenarm Road/Seacourt	148	99
Larne Town HNA Total	1,750	1,003

In the request, the term *number or houses* was used. We have provided the details of all properties (houses, flats, maisonettes etc.) as property is often used interchangeably with houses in the public sphere. If this is a misinterpretation, a breakdown of property type can later be provided.
