## **Our response**

This is not a complete reflection as we do not measure the number of telephone calls and direct emails received directly by staff in each office. Some staff have also responded directly to queries to their individual mobile devices. The figures below are reflective of the number of emails received in each of the office's general mailboxes in the last 12 months.

Also, just to note the FOI did not request the number of correspondences received by Antrim NIHE office from each of the 5 MLAs in South Antrim in the last 12 months. I have included this below as these figures contributed to the previous FOI request (FOI\_215).
