

## Request for Temporary/Emergency Accommodation Data

1. Can we please request the total number of households, including those with children, in temporary/emergency accommodation for each of the last three years broken down per council area.

Please see the data outlined below for the 3 year period 2019-22 which has been broken down by Council Area. This information was extracted from a live database and therefore may be subject to change.

It should also be noted that the number of placements does not equate to the number of households as some households may have had more than one placement within any specific year or across a number of years and across Council areas.

Data for the 2022-23 year has not as yet been published and is therefore exempt from disclosure under the FOI Act 2000 Section 22 Exemption – Information intended for future publication.
