General Conditions of Tenancy

About your tenancy agreement

What you agree to if you live in one of our homes
What this booklet is about

We are the Housing Executive.

This booklet tells you what is in your tenancy agreement.

The tenancy agreement says what should happen when you live in one of our homes.

It says:
- what we must do
- what you must do.

You have to agree to these things if you want to live in the home.

You have to sign the tenancy agreement to show you agree with it.

Make sure you are happy with everything it says first.

Ask your local Housing Officer to explain anything you are not sure about.
Your rights and what you must do

Rent, heating and other costs

You have to pay rent and heating every week.

You must pay the rent, heating and other costs on time.

We can change how much money you pay for rent, heating or other things.

We have to tell you at least 4 weeks before.

The heating company may stop your heating if you do not pay on time.

You will have to pay for it to start again.

We may stop the heating if you won’t let us check it and we cannot be sure it is safe.

We have to tell you at least 3 months before.
Living in the home

You can only use the home to live in.
You cannot use it for anything else like running a business.

Looking after the home

You must keep your home clean and tidy.
You must take care of the home and try hard not to break things.

If you break or lose our things

We will charge you money to get new things or fix things.

Pets like cats or dogs

In some homes you can keep one pet.

Check with your local Housing Officer first.

Letting other people live in your home

You must ask your local Housing Officer if you want to change something about being a tenant in the home.

For example, if you want to:
• change homes with someone else
• rent out part of your home to someone else
• get someone else to be a tenant instead of you.

Letting us into the home

Sometimes we may need to come into your home to do things like:
• check the home
• check the heating or electricity
• fix things or change things that we need to.

You must let us do this.
We will tell you at least 1 day before if we can.

We will try not to come round before 9am and after 6pm.

**Only let people into your home if you know who they are.**

**Gas you use for cooking**

You must check with your local Housing Officer if you want to use any other type of gas.

**Breaking the rules**

If you break the rules we may write to you.

We may say you have 2 weeks to stop the problem.

**If you damage anything on purpose or make bad changes to the home**

If we need to fix any damage in the home we can come into your home.

We can also charge you money for anything we need to fix.
Leaving the home

You must write to tell us if you want to move out.

You need to tell us **4 weeks** before you want to go.

You will have to move out after the 4 weeks. Your last day will be a Monday.
